Supply Ability	1000
Delivery Detail	3-7

Detail Introduction :

Model 15400-PR3-003 features an outer diameter of 67mm, an inner diameter of 57mm, and overall dimensions of 83×84mm. The outlet pipe diameter is standard, and the seal ring measures 64×60mm, ensuring a tight and secure fit. The M20×1.5 thread is a common specification for many **engine oil filter** applications. Manufactured with strict quality control, this filter helps maintain clean oil flow, reduce engine wear, and extend service intervals. It is suitable for both gasoline and diesel engines that require this specific filter size.

Parameter	Specification
Product Name	Oil Filter
Product Model	15400-PR3-003
Outer Diameter × Height	67 × 85 mm
Outer Diameter	67 mm
Inner Diameter	57 mm
Overall Dimensions	83 × 84 mm
Outlet Pipe Diameter	Standard
Connection Thread	M20 × 1.5
Seal Ring Dimensions	64 × 60 mm

Product Highlights

- OEM replacement quality for reliable performance
- M20×1.5 connection thread for compatible engines
- Outer diameter × height: 67 × 85 mm

Inner diameter: 57 mm; overall size: 83 × 84 mm

Seal ring dimensions: 64 × 60 mm for a secure seal

Standard outlet pipe diameter

Helps remove contaminants and protect engine components

Product Applications

This **engine oil filter** is ideal for passenger cars, light trucks, vans, and various industrial engines that use the 15400-PR3-003 specification. It is commonly used in routine maintenance, engine overhauls, and fleet service. Suitable for repair shops, auto parts distributors, and equipment owners who need a dependable replacement filter.

Why Choose Us

Shandong Topkit Construction Machinery Equipment Co., Ltd. is a high-tech enterprise specializing in filtration products. We apply rigorous quality control and precision engineering to every filter we manufacture. With experience serving automotive, construction, mining, industrial power, and agricultural sectors, we understand the importance of reliable filtration. Choose us for OEM-quality replacements that keep your engines running smoothly.
